

For Precast
& Tilt-up
Construction

R U S T I C A T I O N (3/4" x 45°)

Victory Bear is an innovative concrete product supplier with deep roots in the tilt-up, pre-cast, and cast-in-place industries. We offer the most complete line of tilt-up profiles in the industry. Our Base Clip design makes our rustications and bulkheads **reusable**.

Our rustications and chamfers produce the cleanest and sharpest finishes in the industry. Victory Bear is a leader in innovative exterior concrete designs – creating products, for now and for the future, that will provide the tilt-up and pre-cast industry with unique options. Our products provide flexibility to designers, allowing for a variety of design configurations in a variety of building types.

Features & Benefits

- **100% PVC Reduces Costs** – PVC virtually eliminates concrete pitting caused by wood-wicking. It also eliminates discoloration caused by wood sugars. It almost entirely **eliminates the need for grinding and patching**, saving you man-hours or subcontractor expenses.
- **Patented “Flexible Edge Seal”** – Our patented Flexible Edge Seal fits tightly against the casting surface, preventing concrete seepage while creating **sharp, crisp lines**.
- **Hidden Fastening System** – With Victory Bear there are no finish blemishes from screw heads or excess glue. All screws and glue remnants are hidden under the surface for a sharp, **glass-like finish**.
- **New: Pre-Mitered End Pieces** – Available from Victory Bear, one foot pre-mitered end pieces provide added savings for rustications. **Save time and labor** by eliminating the need to miter-cut your ends on the job.

For Precast
& Tilt-up
Construction

RUSTICATION (3/4" x 45°)

Installation

- **Step 1** – Fasten the Base Clip to the casting surface with fasteners, tape or adhesive.
- **Step 2** – Press one end of the rustication's interlocking tooth grip into the end of the Base Clip.
- **Step 3** – Press the entire length of the rustication into the Base Clip.
- **Step 4** – Check to ensure that the interlocking grips are fully engaged and the chamfer seal is pressed firmly against the casting surface.
- **Step 5** – Use Victory Bear pre-mitered end pieces to finish rustication lines where they cross chamfers and other rustications.

Standard Profile

Part Number	Part Name	Width "A"	Height "B"	Chamfer Angle	Pieces Per Box	Weight (Lb./LF)	LF Per Box
743	2.25 Rustication	2.25"	0.75"	45°	18	0.19	144
712	2.5 Rustication	2.5"	0.75"	45°	12	0.19	96
713	3.5 Rustication	3.5"	0.75"	45°	20	0.27	160
714	5.5 Rustication	5.5"	0.75"	45°	14	0.40	112
747	8.0 Rustication	8.0"	0.75"	45°	8	0.67	64
711	11.5 Rustication	11.5"	0.75"	45°	6	1.00	48

Low Profile

Part Number	Part Name	Width "A"	Height "B"	Chamfer Angle	Pieces Per Box	Weight (Lb./LF)	LF Per Box
729	2.0 Rustication LP	2.0"	0.5"	60°	22	0.15	176
730	3.0 Rustication LP	3.0"	0.5"	60°	12	0.23	96

Base Clip*

Part Number	Part Name	Pieces Per Box	Weight (Lb./LF)	LF Per Box
744	Base Clip	60	0.07	480

*Be sure to order 1' of Base Clip for each 1' of Rustication.
Standard length for all parts is 8 ft.
